Internship/Projects

July 2023 - Present

Varanasi, India

Web Developer

IITBHU Model United Nations

<https://www.iitbhumun.com/>

- Led the complete development of a highly intuitive website for IITBHU MUN, ranked second among the top Model United Nations conferences in India.
- Created a seamless user experience (UX) and visually appealing user interface (UI) while also constructing a registration portal to accommodate over 400 delegates.
- Created a user dashboard where users can login and view or update their data and check the status of their portfolio allotment.
- Created an admin panel for committee members for hassle free allotment of portfolio to delegates and payment verification.

September 2023 -

October 2023
